# HANSEL + GRETEL'S GREAT ESCAPE

## BETRAYED

"Early tomorrow morning we will take the two children out into a small, rural town, give each of them a little piece of bread, and then leave them by themselves and go off to our work. They will not find their way back home, and we will be rid of them."

## ABANDONED

Early the next morning the woman came and got the children from their beds. They received little pieces of bread to eat. On the way through the small town, Hansel crumbled his piece in his pocket, then often stood still, and threw crumbs onto the ground.

## LOST

When it was midday Gretel shared her bread with Hansel, who had scattered his piece along their path. Then they fell asleep, and evening passed, but no one came to get the poor children.

## NOW WHAT?

---

Hansel and Gretel are lost in **OIL CITY!** But remember, Hansel left scattered breadcrumbs along their journey..... They have traveled to 3 different locations in this town. In order to find them, you must visit them all.

Can you follow the clues to find Hansel and Gretel and help them return home? You are their last hope!

When morning came, the children began walking to the South Side of Oil City and found themselves in a place unlike anywhere they'd ever been. It was a place with slides and swings and ziplines and a softball field! It was a PARK! The children played and played, but they soon grew tired, as the park was on top of a steep hill.

### BREADCRUMB TRAIL #1

HINT: Hansel & Gretel left a clue under a picnic table here.

Where did they go? \_\_\_\_\_

What did they leave behind? \_\_\_\_\_

"Can we PLEASE take a nap somewhere nice and shady now, Gretel?", Hansel pleaded. Gretel knew just the place; she had seen it on the way into town. They made their way across a long bridge & came upon a hotel. "A HOTEL? But Gretel, we have no money for a hotel!", Hansel exclaimed. "No, but we can nap just behind the hotel, in the park, under all those trees.", Gretel explained. The children fell into a deep sleep underneath the shade of a slide.

### BREADCRUMB TRAIL #2

HINT: Hansel & Gretel left a clue near the spot where they fell asleep.

Where did they go? \_\_\_\_\_

What did they leave behind? \_\_\_\_\_

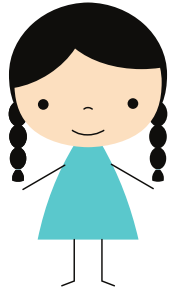

The children awoke to the sound of a family with 2 small children. The children chattered **on** and on, "Where are we going NEXT? We want to know! We want to know!". "We are going to one of your favorite places to get some books to read tonight before bed. Now come along, let's go!", the mother answered. Gretel loved to read more than anything. The children decided to follow **the** family back across the bridge to a large, stone building. The building was grand! As the children topped the concrete **steps**, they entered a world of imagination.....
